

Advisory regarding timely submission of CON-4/ Final Technical Connection data by Applicants including RE Generators & RPPDs

As per Regulation 10.1 of CERC (Connectivity and General Network Access to ISTS) Regulations, 2022, entity(ies) which have been intimated the final grant of Connectivity are required to furnish the final technical connection data **at least 1 (one) year prior to the physical connection with ISTS.**

Further, as per the **Report of the Working Group** in respect of Data Submission Procedure and Verification of Compliance to CEA Regulations on Technical Standards for Connectivity, all RE Generators including RE Power Park Developers granted connectivity to ISTS are required to furnish Final Technical Connection Data/ CON-4 data **at least one year prior to physical connection with ISTS.**

Accordingly, all entities including RE Generators & RE Power Park Developers seeking physical interconnection with ISTS need to submit Final Technical Connection Data/CON-4 on NSWS portal positively one year ahead of their anticipated physical interconnection date in order to avoid any delay in interconnection with ISTS.
