Minutes of meeting for reallocation of connectivity at Fatehgarh-III PS (Sec-II) and Barmer-I PS in Fatehgarh-Barmer Complex held on 20.06.2025

A meeting for reallocation of connectivity at Fatehgarh-III PS (Sec-II) and Barmer-I PS in Fatehgarh – Barmer Complex was held on 20.06.2025 thorough VC. List of participants is enclosed at **Annexure-I**.

After welcoming all the participants, Sr. GM (CTU) requested to take up the agenda for deliberation. It was informed that criteria and guidelines for reallocation were circulated along with agenda. It was further informed that available bay/margin at a pooling station shall be offered to eligible entities at next/subsequent pooling stations of same complex based on the application priority & willingness for reallocation. List of various identified complex in NR was circulated along with agenda. However, it was reiterated that reallocation of connectivity is an optional exercise carried out by RE developers. Therefore, timelines for all the compliances to be met by connectivity applicants/grantees/entities as applicable under Connectivity & GNA Regulations 2022 like Conn BG submission, Land BG, Financial Closure etc. remains unchanged due to reallocation.

It was also informed that in case of no participation in the meeting by an entity, it will be construed that the entity is not willing for reallocation and therefore will not be considered for the subject reallocation. It was further informed that the decision taken by the entity in the meeting shall be considered as final and based on that the reallocation shall be finalized and no changes shall be allowed afterwards. Any vacancy/margin creation at any pooling station/section due to reallocation, same shall be offered to eligible entities of subsequent pooling stations/sections of the same complex in the same meeting. In case of any capacity remains vacant even after this reallocation meeting, same shall be offered to new applicants based on their application priority. All the entities, present in the meeting noted the same.

It was informed that M/s Azure Power India Pvt. Ltd. (APIPL) was granted 100 MW connectivity at 400kV level of Fatehgarh-III PS (Sec-II) in sharing with M/s Aditya Birla Renewables Subsidiary Limited (ABRSL). M/s ABRSL was the Lead Generator. Now, M/s APIPL has relinquished its 100 MW connectivity w.e.f. 21.05.2025. This development has created 100 MW margin at 400kV level Fatehgarh-III PS (Sec-II) in sharing with M/s ABRSL.

Further, 50 MW connectivity was agreed to be granted at 220kV level of Barmer-I PS in sharing with M/s Hexa Climate Solutions Private Limited (HCSPL) in sharing with M/s Hinduja Renewables Energy Private Limited (HREPL) in 36th Consultation Meeting for Evolving Transmission Schemes in Northern Region (CMETS-NR) held on 15.01.2025. However, above connectivity was closed due to non-submission of requisite Conn-BGs in stipulated time as per GNA Regulations, 2022. This has resulted into creation of 50 MW margin at 220kV level of Barmer-I PS in sharing with M/s HREPL.

Accordingly, present meeting was convened for reallocation of connectivity bays/margin at following pooling stations:

Fatehgarh – Barmer Complex

Substation: Fatehgarh-III PS (Sec-II) (100 MW margin at 400kV in sharing with M/s ABRSL)

Eligible Entities: Entities granted/agreed connectivity at Fatehgarh-IV PS (Sec-I & II), Barmer-I, Barmer-II, Barmer-III & Barmer-IV

Substation: Barmer-I PS (50 MW margin at 220kV in sharing with M/s HREPL)*

Eligible Entities: Entities granted/agreed connectivity at Barmer-III & Barmer-IV

In line with above, CTU requested all applicants to comment on the application priority mentioned in the agenda, if any. As no comments were received from any applicant, it was informed that the details provided in the agenda shall be considered in determining priority.

A. Reallocation of 100 MW capacity at Fatehgarh-III PS (Sec-II)

It was informed that M/s Azure Power India Pvt. Ltd. (APIPL) was granted 100 MW connectivity at 400kV level of Fatehgarh-III PS (Sec-II) in sharing with M/s Aditya Birla Renewables Subsidiary Limited (ABRSL). M/s ABRSL is the Lead Generator. Now, M/s APIPL has relinquished its 100 MW connectivity w.e.f. 21.05.2025. This development has created 100 MW margin at 400kV level Fatehgarh-III PS (Sec-II) in sharing with M/s ABRSL. Accordingly, above available margin was offered to eligible entities as per application priority order. The list of eligible entities for exercising reallocation & their decision based on their application priority is as under:

Table 1 (a): Reallocation of connectivity from Fatehgarh-IV PS (Sec-I) to Fatehgarh-III PS (Sec-II)

S.No.	Applicant Name	LTA/ Connectivity Application No.	Application Date & Time*	LTA/ Connectivity Quantum (MW)	Connectivity Application Eligibility	Decision in the meeting

* In case applications are on same date.

CTU informed that M/s Aditya Birla Renewables Ltd. has opted to shift its 100 MW connectivity from Barmer-II PS to Fatehgarh-III PS (Sec-II) in sharing with M/s Aditya Birla Renewables Subsidiary Limited at 400kV level. Regarding Start Date of connectivity, CTU informed that M/s Aditya Birla Renewables has been issued intimation for In-Principle Grant of Connectivity with interim Start Date as 31.12.2029. It was also informed that Transmission System for Barmer-II PS is approved recently and yet to be awarded. CTU enquired M/s Aditya Birla Renewables about Start Date of Connectivity for 100 MW capacity. M/s Aditya Birla Renewables stated that start date of connectivity for 100 MW Capacity shall be 30.06.2028. On this, CTU informed that for 100 MW connectivity at Fatehgarh-III PS (Sec-II) shall be available w.e.f. 24.03.2027 and requested Aditya Birla to expedite their generation for effective utilization. M/s Aditya agreed for the same. However, it was also deliberated that there is no postponement of Connectivity Start Date w.r.t. earlier grant of M/s Aditya Birla at Barmer-II and accordingly, reallocation of 100 MW connectivity of M/s Aditya Birla Renewables from Barmer-II PS to Fatehgarh-III PS (Sec-II) at 400kV level in sharing with M/s Aditya Birla Renewables Subsidiary Limited was agreed. It was also informed that details of transmission system for this 100 MW connectivity shall be informed in next CMETS-NR meeting.

It was also stated that with this reallocation, 100 MW margin is created at Barmer-II PS in sharing with Green Infra Clean Solar Farms Limited (App. No. – 2200000408) which shall now be offered to eligible entities at Barmer-III PS and Barmer-IV PS based on their application priority & willingness.

Reallocation of 100 MW capacity at Barmer-II PS

It was informed that with reallocation of 100 MW of M/s Aditya Birla connectivity from Barmer-II PS to Fatehgarh-III PS (Sec-II), 100 MW margin is created at Barmer-II PS in sharing with Green Infra Clean Solar Farms Limited (App. No. – 2200000408). As informed above that any vacancy/margin creation at any pooling station/section due to reallocation, same shall be offered to eligible entities of subsequent pooling stations/sections of the same complex in the same meeting, accordingly, 100 MW margin at Barmer-II PS shall now be offered to eligible entity at Barmer-III PS and Barmer-IV PS based on their application priority & willingness.

No entity opted for reallocation of its connectivity to Barmer-II PS, accordingly, it was decided that this margin shall be offered to new applicants in Fatehgarh-Barmer Complex based on their application priority.

B. Barmer-I PS

It was informed that 50 MW connectivity was agreed to be granted at 220kV level of Barmer-I PS in sharing with M/s Hexa Climate Solutions Private Limited (HCSPL) in sharing with M/s Hinduja Renewables Energy Private Limited (HREPL) in 36th Consultation Meeting for Evolving Transmission Schemes in Northern Region (CMETS-NR) held on 15.01.2025. However, above connectivity was closed due to non-submission of requisite Conn-BGs in stipulated time as per GNA Regulations, 2022. This has resulted into creation of 50 MW margin at 220kV level of Barmer-I PS in sharing with M/s HREPL. This margin shall now be offered to eligible entity at Barmer-III PS and Barmer-IV PS based on their application priority & willingness.

Summary of deliberations

After detailed deliberations, the reallocation of connectivity margin at Fatehgarh-III PS (Sec-II), Barmer-I PS and Barmer-II PS was agreed with following details:

[illegible]

S.No.	Applicant Name	Connectivity Application No.	Application Date & Time	Connectivity Quantum (MW)	Connectivity Application Eligibility	Decision in the meeting
No entity opted for reallocation.						
Reallocation of connectivity at Barmer-I PS						
No entity opted for reallocation.						

It was also agreed that the remaining margin (50 MW) at Barmer-I PS and 100 MW at Barmer-II PS can be availed by new applicants who apply for connectivity in same Fatehgarh-Barmer complex based on their priority and willingness. After this reallocation, details of available margin at Barmer-I PS and Barmer-II PS is as under:

S. No.	Complex	Pooling Station	Available Margin (MW)	Remarks
1	Fatehgarh-Barmer	Barmer-I PS	50	50 MW (in sharing) in shall be offered to new applicants at Fatehgarh-Barmer Complex as per their application priority & willingness.
		Barmer-II PS	100	100 MW (in sharing) in shall be offered to new applicants at Fatehgarh-Barmer Complex as per their application priority & willingness.

It was also decided that all the above decisions regarding reallocation of connectivity taken in present meeting shall be ratified in ensuing CMETS-NR meeting along with connectivity transmission system for reallocated entities.

Meeting ended with vote of thanks.
